General Guidelines

- The competition including the workshop will be conducted entirely in English.
- Each participating school is required to complete the official registration process.
- Schools may register a maximum of five teams, with each team comprising of 3 to 5 members.
- Confirmation of accepted teams will be communicated following the registration process.
- Students from both national and international schools are eligible to participate. For national schools, this includes students following the local syllabus from Grade 10 onward, covering both the Ordinary Level and the Advanced Level. For international schools, students at the equivalent levels, namely the IGCSE or Ordinary Level and the Advanced Level, are eligible.
- Students from any stream are welcome to participate, including Commerce, Science, Mathematics, Technology, and Arts.
- All participants will receive a certificate of participation.
- A single representative (teacher-in-charge) from each school must complete the registration form on behalf of the team(s).
- The registered teacher-in-charge or another designated teacher from the school must be present at all phases of the competition, including the workshop, preliminary round, semi final round, and final round to provide support and ensure participant safety.
- If a school registers more than one team, it is strongly recommended that two teachers-in-charge accompany the teams to provide adequate supervision and assistance.
- Registrations will open on the 3rd of August 2026 and close on the 30th of November 2026.
- Participants are expected to uphold high standards of professionalism, respect, and integrity throughout the competition.
- Any instance of cheating, plagiarism, or unethical conduct will result in immediate disqualification.
- Teams are required to comply with all schedules and deadlines set by the organizers.
- The organizers reserve the right to modify the rules and regulations at their discretion. Any amendments will be communicated to participants in a timely manner.
- All decisions made by the judges and organizers are final and not subject to appeal.

Competition Rules

- Mandatory workshops will be conducted in Colombo.
- The workshop venues will be disclosed at a later date.
- A mandatory workshop will be conducted by an academic partner and a corporate partner prior to the competition. This session will provide valuable learning and serve as a foundation for refining business ideas.
- All teams are required to attend the Preliminary Rounds, to qualify for the certificate of participation.
- Participants must deliver a live product pitch to a distinguished panel of judges representing various professional backgrounds.
- Each team must submit an initial business idea summary (maximum 500 words) in Microsoft Word format. This summary should highlight the core concept and its relevance to building a better tomorrow.
- A screen will be provided on stage for teams to use visual aids such as videos or PowerPoint presentations.
- A final submission of the complete business idea in Word format, along with any presentation slides or video content, must be handed over to the organizing committee for evaluation prior to the preliminary round. Required template would be provided.
- Each team will be provided with a mentor for additional support during the preparation weeks for the competition.
- Teams will be allocated 3 minutes to pitch their ideas and 2 minutes for Q and A during the Preliminary Rounds. The format of delivery can be arranged at the team's discretion; all members are required to be present, although not all members are required to present.
- For the Preliminary Round and Semi Finals, showcasing a prototype product or service is optional. However, for the Final Round, demonstration of a functional or conceptual prototype is mandatory.
- Teams should have a preliminary product idea ready by the Workshops, during which the academic partner will conduct a learning session. Teams may further develop and refine their ideas after this session.
